CHECKLIST

Your First LARP Rulebook: Design Checklist

- [ ] Write the safety section before any other rules
- [ ] Define the core mechanic players will use most often
- [ ] List forbidden character types and explain why they do not fit
- [ ] State the calls that pause or stop play
- [ ] Set weapon construction standards if players bring their own
- [ ] Test the rules with a small group before your first event
- [ ] Gather feedback from players and marshals after each session
- [ ] Version the rulebook and mark each update clearly
- [ ] Keep the system as simple as your game allows
